

Dear Parents,

I am excited to have your child for 7th grade math and am looking forward to preparing your child for 8th grade math and beyond!

Here are several things you should know about my classroom:

- **How the course grade is calculated (Based on district guidelines):**
 - Summative Assessments (Tests) – 50%
 - Formative Assessments (Quizzes) – 40%
 - Individual Practice (Homework) – 10%

Grading Scale			
A+	97-100	C	74-76
A	94-96	C-	70-73
A-	90-93	D+	67-69
B+	87-89	D	64-66
B	84-86	D-	63-60
B-	80-83	F	0-59
C+	77-79		

- **Tests and Quizzes** – Tests and quizzes will be given as units of material are completed. As per district policy, at least five formative assessments and three summative assessments will be given. Corrections will be allowed on *most* tests or quizzes; however, corrections must be written on a separate sheet of lined 8 ½” x 11” paper and must be submitted by the given due date. Late corrections will not be accepted.
- **Homework** – Homework will be given on an as-needed basis. As per district policy, least five homework assignments will be given each marking period. Assignments will be short and should take no more about 15 to 30 minutes to complete. (If it is consistently taking more than 30 minutes to complete homework assignments, please contact me.)

My primary form of communication with my students is Google classroom. If you’d liked to receive guardian summaries, I will be sending invites via Google classroom once I have parent emails.

If you still have questions, contact me at ppeters@hamilton.k12.nj.us or 609-631-4152, Ext. 5768.

Please complete and return the form below to indicate that you have received and read the above. I regularly communicate by email – please provide an email address so that you receive these regular updates.

Thank you and best regards,

Mrs. Peters
